BULLDOG - FRENCH

The French Bulldog is a small, muscular dog with a compact body and a large, square head. They have a short, smooth coat and come in a variety of colors including brindle, fawn, and white. Their ears are bat-like and their tails are naturally short. French Bulldogs are known for their friendly and playful personalities, making them popular as family pets.

- Average lifespan: 10-12 years
- Health issues: Prone to breathing problems and spinal issues
- Exercise needs: Low, short walks and playtime sufficient
- Prey drive: Low
- Child and animal friendly: Yes, very friendly
- Trainability: Moderate, can be stubborn
- Grooming needs: Low, occasional brushing
- Dietary requirements: Balanced diet, prone to overeating
- Apartment living: Adaptable, but may snore and drool
- Tendencies: Moderate, may bark to alert
- Protective instinct: Low, not a good watchdog
